

Control? Automate. Savings? Checkmate.

The Max-E-Therm High Performance Heater has earned a reputation for being dependable, easy to use and efficient. Now with smart connectivity and energy-saving automation, it's easier than ever to get the pool warm and ready whenever it's needed.

- **Smart connectivity:**
Ready to connect to the Pentair IntelliCenter® Control System for anytime, anywhere management.
- **Full-text digital display:**
Combines new functions and a user-friendly menu for easy operation and diagnostics.
- **Optional Smart Heater Bypass Valve:**
Automatically diverts water flow when the heater isn't firing to save up to 35% per year in operational costs.*

MAX-E-THERM® HIGH PERFORMANCE HEATERS

Help save money and energy with the next generation of pool heaters.

Max-E-Therm heaters offer all the efficiency, convenience and reliability features you want in a pool heater, plus a lot more. As easy to use as your home heating system, plus, user-friendly LCD display and troubleshoot icons make system operation and monitoring a snap. The compact design and super-quiet operation won't intrude on your poolside leisure time. Available with optional heavy duty (HD) cupro-nickel heat exchanger to help stand up to harsh, demanding applications.

FEATURED HIGHLIGHTS

- New automation functionality and ignition control module with flame strength sensor for always-optimized performance.
- Heats up fast; no long wait before enjoying your pool or spa.
- Eco-friendly Max-E-Therm Heater is certified for low NOx emission and outperforms industry standards.
- Multi-position top panel allows digital display to be re-positioned for convenient operation.
- Tough, rustproof exterior handles the heat and weathers the elements.
- Certified for outdoor and indoor installations.
